

# This week's homework (29.06.20).

**Monday 29<sup>th</sup> June 2020**

## Handwriting:

Choose one sheet from the **handwriting pack** to complete and write each word three times in your neatest handwriting.

## Spelling:

Choose 10 words from the **handwriting pack** that you are unfamiliar with. These will be your spelling words this week. Practice saying, covering and writing the words every day.

## Reading:

1. **Open the Reading Comprehension booklet.** Choose **one** text and read it aloud to someone at home.
2. Answer the questions.

## Maths:

1. Complete the times table questions below.

$1 \times 1 =$	$11 \times 12 =$	$10 \times 12 =$	$3 \times 5 =$
$1 \times 5 =$	$1 \times 2 =$	$2 \times 5 =$	$4 \times 1 =$
$3 \times 1 =$	$3 \times 3 =$	$9 \times 12 =$	$3 \times 7 =$
$1 \times 4 =$	$4 \times 3 =$	$1 \times 3 =$	$11 \times 7 =$

2. Complete the mixed calculation worksheet and check your answers are correct.

## Afternoon activity:

We are going to spend some time learning, and talking about, local issues. Local issues are issues that directly affect a particular community: our local communities are Harehills, Leeds and West Yorkshire. We are going to look at the issue of **devolution** today.

During a general election, anyone over the age of 18 can vote for a Member of Parliament (MP) to represent them in Parliament. The Houses of Parliament is a building in Westminster, London, where important decisions about the country are made. Some people that live outside of London believe it is not fair that important decisions that affect everyone in the country are made in London. These people support a process called **devolution**.

**Devolution** is a process where the power to make decisions is moved from London to local communities across the country. As part of the government's aim to **devolve** power to the North of England, they announced that Yorkshire will get its own Mayor in 2021. A Mayor controls how much money is spent on services like transport and education and is very influential in the area they serve.

**Activity: what 5 things would you change about Leeds if you were the Mayor of West Yorkshire? Tell these ideas to someone at home and write your points down. You should think about who will benefit from these changes and why they are important issues.**

Please email me your work!

**Tuesday 30<sup>th</sup> June 2020**

## Handwriting:

Choose one sheet from the **handwriting pack** to complete and write each word three times in your neatest handwriting.

## Spelling:

Do you remember the 10 spelling words you have chosen to learn this week? Practice saying, covering and writing these words.

## Reading:

1. **Open the Reading Comprehension booklet.** Choose **one** text and read it aloud to someone at home.
2. Answer the questions.

## Maths:

1. Complete the times table questions below.

$5 \times 1 =$	$8 \times 9 =$	$5 \times 5 =$	$8 \times 12 =$
$10 \times 3 =$	$6 \times 3 =$	$1 \times 11 =$	$2 \times 11 =$
$5 \times 3 =$	$9 \times 7 =$	$7 \times 5 =$	$7 \times 7 =$
$8 \times 1 =$	$10 \times 1 =$	$5 \times 7 =$	$6 \times 5 =$

2. Complete the mixed calculation worksheet and check your answers are correct.

We are going to spend some time learning, and talking about, local issues. Local issues are issues that directly affect a particular community: our local communities are Harehills, Leeds and West Yorkshire. Today, we are going to look at the issue of **Leeds Bradford Airport** expansion.

Leeds Bradford Airport is an airport in Leeds that flies to many different destinations in Europe. A few years ago, the government (the Members of Parliament who work for the Prime Minister) announced that they wanted every airport in the U.K to **expand**. When an airport expands, it builds more shops, terminals and runways so it can fly more passengers.

However, some people do not want the airport to get bigger. Climate activists like **Greta Thunberg** believe that we should not travel on airplanes because flying releases an excessive amount of carbon dioxide into the atmosphere.

Here are some pros and cons of expanding Leeds Bradford airport:

Pros	Cons
<p><b>More jobs.</b> Expanding the airport will create lots of jobs for people in Leeds and Bradford. There will be jobs to build the airport, jobs to run the airport day-to-day and jobs to work in the shops in the airport.</p>	<p><b>Carbon footprint.</b> Flying releases an excessive amount of carbon dioxide into the atmosphere. This has a negative impact on the environment. If more people fly from Leeds, there will be more CO2 released into the</p>

	atmosphere. (Look at the infographic below for the amount of carbon used to fly from New York to Amsterdam).
<b>Convenience.</b> You can travel to Leeds Bradford Airport from Leeds city centre in under an hour and it would be easy to go on holiday. People who cannot fly to their destination from Leeds must travel to Manchester Airport.	<b>Noise.</b> Living near an airport can be extremely noisy with airplanes taking off at all times of the day. Residents say that the increased noise will affect their mental health and devalue their house.
<b>Devolution.</b> Those that believe devolution is important say that if other large cities, such as Manchester with is only slightly more populous than Leeds, have an airport then Leeds should to.	<b>Traffic.</b> Leeds Bradford Airport has brilliant public transport links with Leeds City Centre. However, activists believe that there would be more traffic on the way to the airport and this affects air pollution.

As you can see, there are positive and negative impacts on the economy and the environment if the airport is expanded. Do you think the airport should be expanded? Why?

**Activity: Write a letter to Councillor Judith Blake, the leader of Leeds City Council, expressing your opinion about the expansion of the airport. You do not have to send the letter to her, but you can if you want to.**

Please email me a copy of your letter when you have written it!

 **Your flight from AMS to NYC**

## Afternoon activity:

We are going to spend some time learning, and talking about, local issues. Local issues are issues that directly affect a particular community: our local communities are Harehills, Leeds and West Yorkshire. Today, we are going to look at the issue of **Clean Air Zone**.

Vehicles like trucks, motorbikes and cars release a gas called **nitrogen dioxide** into the atmosphere. **Nitrogen dioxide** is a cause of **air pollution**. If the air is polluted, it means it isn't safe to breathe. **Air pollution** is dangerous: it is a cause of asthma and other health problems. The government told many local areas, including Leeds, that they had to lower levels of air pollution around the country to keep people safe.

**The Clean Air Zone** is an area in Leeds where taxis, trucks, buses and coaches with petrol or diesel engines will be charged to drive through it. **Hybrid** and **electric** vehicles are not as bad for the environment and will not be charged. Therefore, taxi drivers and local businesses are able to apply for **loans** (money that you have to pay back) and **grants** (money that you do not have to pay back) to buy more environmentally friendly vehicles.

**Activity: design a poster encouraging the people of Leeds to walk or cycle to their destination instead of driving.**

Email me a picture of your poster when you are finished!

**Thursday 2<sup>nd</sup> June 2020**

## Handwriting:

Choose one sheet from the **handwriting pack** to complete and write each word three times in your neatest handwriting.

## Spelling:

Do you remember the 10 spelling words you have chosen to learn this week? Practice saying, covering and writing these words.

## Reading:

1. **Open the Reading Comprehension booklet.** Choose **one** text and read it aloud to someone at home.
2. Answer the questions.

## Maths:

1. Complete the times table questions below.

$2 \times 1 =$	$8 \times 3 =$	$6 \times 7 =$	$1 \times 12 =$
$2 \times 2 =$	$9 \times 11 =$	$2 \times 6 =$	$2 \times 8 =$
$11 \times 4 =$	$3 \times 4 =$	$5 \times 9 =$	$12 \times 2 =$
$4 \times 2 =$	$4 \times 4 =$	$4 \times 6 =$	$6 \times 9 =$

2. Complete the mixed calculation worksheet and check your answers are correct.

## Afternoon activity:

We are going to spend some time learning, and talking about, local issues. Local issues are issues that directly affect a particular community: our local communities are Harehills, Leeds and West Yorkshire. Today, we are going to look at the issue of **flooding**.

In 2015, Calderdale in West Yorkshire experienced some of the worst floods in history. Approximately £150m of damage was caused to the community. The government gave West Yorkshire money to improve their **flood defences** (the infrastructure that stops flood from happening again) but people that live in the area say it is not enough to prevent future floods.

**Activity: draw a map of an area (this can be fictional, or you can use Google Maps to inspire you) with a river running through the middle of it. Design an effective flood defence system for the area and write a paragraph explaining how you would protect the nearby houses and shops from flooding.**

Email me a picture of your map when you are finished!

## Friday 3<sup>rd</sup> July 2020

### Handwriting:

Choose one sheet from the **handwriting pack** to complete and write each word three times in your neatest handwriting.

### Spelling:

It's time for a spelling test! Get someone at home to test you on the 10 words you have been practicing this week.

### Writing:

It is officially July so you will be starting high school very soon.

I would like you to write a diary entry explaining how you are feeling about going to high school and read it out loud to someone at home.

### Maths:

1. Complete the times table questions below.

$5 \times 2 =$	$10 \times 2 =$	$12 \times 1 =$	$5 \times 8 =$
$7 \times 4 =$	$6 \times 4 =$	$6 \times 6 =$	$12 \times 3 =$
$7 \times 2 =$	$9 \times 2 =$	$2 \times 10 =$	$5 \times 10 =$
$7 \times 8 =$	$6 \times 10 =$	$12 \times 10 =$	$12 \times 4 =$

2. Complete the mixed calculation worksheet and check your answers are correct.

## Afternoon activity:

1. It's time to stand up and get active! You should go for a walk (if you can and it's safe), do some exercise in your house or do some yoga. Here are some yoga poses you might want to try!

### Warrior II Pose

#### Virabhadrasana II

- Benefits**  
Strengthens and stretches legs and core; stretches chest and shoulders; relieves backaches.
- 1 Stand with your feet wide apart. Turn your left foot out 90°.
  - 2 Inhale, and lift your arms parallel to the floor.
  - 3 Exhale and bend your right knee. Be careful not to extend your knee past your ankle.
  - 4 Keep your torso tall, turn your head, and look out over your finger tips.
  - 5 Inhale and straighten your legs and lower your arms. Repeat on the opposite side.

### Bear Pose

- Benefits**  
Stretches arms, legs, sides and chest; releases tension.
- 1 Begin on your knees, then sit back on your heels.
  - 2 Spread your knees comfortably apart.
  - 3 Bend forward, lowering your chest to the floor.
  - 4 Bring your hands in front of you, locking your fingers together.
  - 5 Exhale through your mouth, warming your hands.

### Crescent Moon Pose

- Benefits**  
Stretches arms, abdominals, spine and chest; calms the mind.
- 1 Inhale and raise your hands over your head, pressing palms together.
  - 2 Exhale and tip your body to one side.
  - 3 Inhale and return to standing straight.
  - 4 Repeat on opposite side.
  - 5 Exhale and lower your arms.

### Downward Dog Pose

- Benefits**  
Stretches the shoulders, hamstrings, calves, arches and hands; calms the mind.
- 1 Start on your hands and knees, with your knees slightly apart, directly under the hips.
  - 2 Your hands should be shoulder-width apart, and slightly in front of your shoulders.
  - 3 Curl your toes under, straighten your knees and lift your hips.
  - 4 Keep your head between your arms.
  - 5 Hold this pose and breathe.

### Cat Cow Pose

#### Marjaryasana Bitilasana

- Benefits**  
Stretches torso and neck, gently massages spine and internal organs.
- 1 Start by kneeling on hands and knees. Make sure hands are below your shoulders and your knees below your hips.
  - 2 Inhale and look up to the ceiling, allow your belly to sink toward the floor.
  - 3 Exhale and round your back towards the ceiling and look at your belly.
  - 4 Repeat.

### Elephant Pose

- Benefits**  
Stretches legs and back, relieves stress and calms the mind.
- 1 Bend at the hips.
  - 2 Let arms hang low then clasp fingers together.
  - 3 Swing arms from side to side like a trunk. Swing whole body from side to side to walk like an elephant.

Well done! You have completed this week's homework!
